

MICHIGAN GARDEN CLUBS, INC.

SCHOLARSHIPS

The Scholarship Committee awards scholarships to students attending public colleges in Michigan who are enrolled in Horticulture, Landscape Architecture, Agriculture, Floriculture, Environmental Science, Botany, Forestry, Conservation, Land Management, and/or related fields of study. The purpose of these scholarships is to perpetuate study in fields in which Michigan Garden Club members are most interested.

Donations are made to the Scholarship Committee by individuals and by Garden Clubs often as honorariums and memorials. Many clubs have Scholarships as a budget item.
